The Legend of Benjamin Twiggs

It was the early 1700s in Kent, England. Like many families, the Twiggs family dreamed of the New World. Master Benjamin, the youngest of the Twiggs clan, listened with wonder to his father's stories of the incredible land that awaited them. Gathering their meager belongings and some crates of cherry pits they hoped to plant, the family embarked on the long voyage overseas.

While en route, a terrible storm overcame the ship. A towering wave hurled everyone overboard. Benjamin, grabbing a crate of cherry pits, hung on for dear life. Alone and orphaned, he arrived in the New World.

Without a shilling to his name, Benjamin traveled the countryside. He went from farm to farm, town to town, working for food and shelter. One glorious spring day, he arrived in the "Land of the Sweetwater Seas": Traverse City.

Here at last, Benjamin found the perfect place to make his family's dream take root. Rolling hills. Warming sunshine. And cool winds off the water. Here Benjamin planted the cherry pits that had been his constant reminder of home.

His efforts were soon rewarded with a plentiful crop of luscious red cherries. Word soon spread about the wonderfully tart and tasty fruit. Benjamin happily shared his knowledge (and seedlings) with local farmers. In time, Traverse City blossomed to become the Cherry Capital of the World.

Today, the legend of Benjamin Twiggs lives on through the gourmet cherry products that carry his name. Founded in 1966, Benjamin Twiggs Legendary Cherry Products is the original purveyor of fine cherry products. Like Benjamin, we are committed to using the freshest, most flavorful ingredients in all of our products. It's a tradition we've never strayed from. After all, Benjamin came a long way to bring it here.

The flavor of northern Michigan in every spoonful.

Northern Michigan's climate is ideal for growing cherries. Cool breezes off the bay temper summer's heat. In winter, the warmer water protects trees from winter's grasp. At Benjamin Twiggs, we select only the very best and freshest of the local bounty to make our jams, jellies and preserves. The love and care we put into every jar is easy to see... and taste.
